

FOR IMMEDIATE RELEASE

PRESS RELEASE: LCCU goes Digital with the New Liberty Online Platform!

The Valley, Anguilla; Sep. 23, 2019: Liberty Co-operative Credit Union is making it easier for its members to conduct financial business digitally, at their convenience and from any location. As part of the focus on the use of technology to foster access and inclusion for all members, LCCU has launched its new online platform, Liberty Online Access, vastly improving and enhancing the member experience.

“Through our partnership with MIMICS Credit Union Solutions, this new system has allowed us to streamline our processes in order to make things easier for our members in an increasingly digital world,” said Chairman, Michelle Lake. Managing Director, L Vanessa Connor added, “As we explore avenues to expand our digital services, we want our members to be able to transact using the functionalities that technology has to offer via online and mobile channels.”

With the new Liberty Online Access hosted by MIMICS, LCCU members can inquire on account balances, view transactions, view and print statements, make intra-account transfers, and initiate payment instructions. With a team of experienced, highly trained and seasoned professionals, LCCU provides innovative products, exceptional service, and competitive financial solutions.

About Liberty

Liberty Co-operative Credit Union is a member-led, not-for-profit financial co-operative society. LCCU is duly incorporated, licensed and regulated in accordance with the laws, provisions and regulations of Anguilla. Low cost affordable loans and convenient savings are the two core services offered to its members. As part of the global credit union movement, LCCU’s mission is to consistently provide members superior financial value while allowing them to save, borrow and succeed.
